

# Building Cultural Connections®

Custom-designed workshops and trainings are also available to fit the specific needs of your center.

## Training Descriptions

### **Do as I Say, Not as I Do: Sending Children Positive Messages**

(BCC - Module A)

**2 hours**

Look at the messages from adults that shaped your life as a child. How did they impact you and shape your culture? In this workshop participants will interactively explore the importance of childhood messages and the impact they have in the development of a healthy cultural identity.

### **That's the Way They All Are: How Stereotypes Affect Child Development**

(BCC - Module B)

**2 hours**

Even if you do not have a diverse classroom, you will learn why an appreciation for diversity is an essential skill in order for children to succeed in a world full of differences. This interactive training will give you insight into attitudes and actions that you can use to teach children to appropriately handle the differences they encounter.

### **Where did You Learn that Word: Countering Bias in the Classroom**

(BCC - Module C)

**2 hours**

Ever wondered where children get those crazy ideas about differences? This training demonstrates how children become aware of differences that surround them and how they begin responding to them. Learn how you can help children develop healthy values about differences in culture, ability, and class.

### **A Positive Environment Starts with Me: Self Evaluation and Positive Change**

(BCC - Module D)

**2 hours**

If you are looking for practical skills and ideas for how to be more culturally competent in your childcare setting, this class is for you. You will learn how to assess your environment and activities, as well as gain some new ideas on communicating with children about differences.

### **Investing in the Future: How to Positively Teach Children about a World Full of Differences**

**6 hours**

All four workshops combined into an in-depth training focusing on developing a positive learning environment in the classroom.
